WILLIMANTIC OFFICE,  
87 Church St. Telephone 210-2.SCHOOL TERM OPENS  
JUST A MONTH LATEAttendance Good, Although Some  
Pupils Are Kept Home—No New Pa-  
ralysis Cases.

The public schools in the town of Windham opened for the fall term Monday. The original date for the opening was September 5th, hence the opening is just four weeks later than schedule and the school authorities may make some plans later on to make up this loss of time. There has been some talk that sessions of school would be held on Saturday forenoons, but there still being sufficient time between now and the date for closing next June to comply with the state requirements, the pupils may not be called upon to make up the four weeks extra vacation.

The attendance was not so low as was predicted, coming up to nearly as big an average as a year ago. However, it was not for the absenteeism there would be quite a perceptible increase in attendance shown this year and a week or two hence many more pupils will be enrolled. Many parents are still fearful of further cases of infantile paralysis and for that reason are keeping their children from school for the present. No new cases have been reported for some time and there are but one or two under quarantine at present.

THE H. C. MURRAY CO.

WINDHAM'S SINGLE POLLING  
PLACE WAS KEPT BUSY.

Republicans Elected Their Entire  
Ticket—Majority for License Was  
245.

Fair weather prevailed for election day and Windham's single polling place, where some 2,000 voters must register their choice between the hours of 8 a. m. and 3 p. m., was crowded most of the time during these hours. Windham is becoming large enough so that more than one polling place is needed for the accommodation of the people, and the result would be more quickly known.

There would have been an extremely light vote cast except for the fact that the battle over the license question drew out the vote.

The republicans elected all of their candidates at the election held in this city Monday, although L. Gelinas was defeated for the office of selectman by J. P. Mustard, who was running for first selectman on the democratic ticket. He succeeded in being elected to the office of third selectman. The total number of ballots showed that the polls were kept busy most of the day, although yesterday's total vote of 1,857 was not as large as the vote polled last year, which exceeded 2,000. Twenty-seven blank, 8 wrongly marked, 11 mutilated and 3 ballots in the wrong box were among the things encountered by the counters.

The license question, which supposedly was going to make a bitter fight, resulted in the retaining of license by a majority of 245. This was a larger majority than members of the license party expected to see.

The first count of the ballot resulted in a tie vote between T. J. Kelley and William A. Costello, the democratic town school committee. Both men had a vote of 856, including in their totals T. J. Kelley received 46 women votes and W. A. Costello 45. A second count was then by Mayor Dunn, who acted as one of the counters, to be the best remedy for the situation and this was taken and the result was found to be the same.

Thomas Kileurey and Mitchell Laramie succeeded in being elected as constables. Charles H. Palmer received the lowest vote, 79, three of the six highest men being defeated.

The vote in detail follows:

Republican—Assessor, Frank R. Jackson 876; board of relief, Martin H. Waterhouse 877; selectmen, Ernest P. Chesbro 975, Alphonse L. Gelinas 856; agent of town deposit fund, William C. Lyman 874; auditor, J. Raymond Smith 885; collector of taxes, George A. Bartlett 819; constables, William J. Hines 874, Wilbur C. Stevens 840, Harry W. Avery 837; Chauncey E. Macfarlane 855; registrar of voters, A. Linn Weatherhead 852; town school committee, 853, plus 119 women votes, George S. Elliott 852, plus 111 women votes.

Democratic—Assessor, John C. Barstow 825; board of relief, George Maher 819; selectmen, James P. Mustard 859, George H. Backus 821; agent of town deposit fund, Frank T. Rogers 874; auditor, John H. Morrison 863; collector of taxes, Theodore E. Curran 857; constables, Thomas E. Kilduff 857, Mitchell Laramie 814; Charles H. Palmer 79, Charles E. Smith 814; mediator of voters, Patrick D. Donohue 872; town school committee, Thomas J. Kelley 810, plus 46 women votes, William Costello 811, plus 45 women votes.

Prediction—Assessor, Edward S. Lincoln 61; board of relief, Carl E. Oman 64; selectmen, Ernest P. Chesbro 48, Charles E. Smith 57; agent of town deposit fund, William C. Lyman 874.

COMB SAGE TEA IN  
FADED OR GRAY HAIR

Look young! Common garden Sage and Sulphur dardens so naturally nobody can tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a tress of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this effective hair dye, improved by the addition of other ingredients, all ready to use, for about 50 cents.

This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it dardens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

man 48; auditor, Sherwood B. Doolittle 63; collector of taxes, Edwin E. Cross 65; constables, Elmer Engstrom 70, Steven J. Davis 62, Frederick P. Davoll 62, William E. Dainton 66; registrar of voters, William P. Barstow 84; town school committee, H. Clinton Lathrop 27, George S. Elliott 36.

Blank column—Constables, S. Mullen 1, Leo McKenna 1, James Donahue 1, W. Johnston 1; town school committee, John Flippin 1, Dr. F. E. Guild 1. Democrats elected.

South Coventry Democratic and Votes License.

South Coventry had a close fight on the license question in the election held in that town Monday. Those who voted Yes won out by the narrow margin of 10 votes. The democrats made a clean sweep of the ticket, the biggest fight being between the two contestants for first selectman, John Reynolds, democratic, defeated William Wolfe by 29 votes.

Columbia's Republican Majority.

The republicans carried all but one office in the Columbia election Monday. Frank Polter, democratic, was the only successful on his ticket, defeating his opponent by four votes.

Chaplin Elects Republican First Selectman.

The total number of votes cast at the election in Chaplin was 49. There were sixteen straight democratic votes and 14 republican. The two candidates for the board of relief, Frank Landon and Edward Welch, each received 18 votes. Frank White, republican, was elected first selectman, made a successful run for the office. Both principals, registrar of voters and members for the school committee were elected. James Lewis, republican, was elected third selectman and Henry Eaton, democratic, was elected second selectman. Arthur Williams and Clarence Chester, republicans, were elected auditors.

## WEDDING

Barber-Powell.

William Edward Barber, employed by Murphy Brothers, and Miss Grace Powell, daughter of Mr. and Mrs. Frank L. Powell, were married Monday afternoon at St. Paul's Episcopal church by Rev. Charles L. Adams. They were attended by Amos Barber, brother of the groom and Miss Ida Desjardins. The bride wore a gown of white embroidered organdie and carried bride roses. Following the ceremony a reception was held at the home of the groom's mother, Mrs. William Daley at No. 87 Church street. Mr. and Mrs. Barber left in the afternoon by automobile for Norwich and will continue for a honeymoon trip.

The Late Van R. Bennett.

Van R. Bennett of South Coventry, whose death was noted Monday morning, as having occurred Saturday night, was 75 years of age. He was a son of Mr. and Mrs. Sierr Bennett and was born in Willimantic, February 14, 1841.

## A Near-Collision.

Monday forenoon an automobile being used to carry the voters to and from the polls figured in a near-accident at the corner of North and Main streets with a team loaded with lumber. Witnesses of the affair stated that the machine was being driven a great deal faster through Main street than the law allowed. The team was being driven south on North street and as it turned into Main it swung directly in front of the on-coming car. The driver of the car realizing that he was going too fast to stop turned to the left and missed the horses by a narrow margin. The driver of the team although greatly frightened by the close shave, did not enter any complaint.

## EXPENSIVE HAM

Theft of 16-Pounder Gets James Mallon 60 Days in Jail.

In the police court Monday morning James Mallon was charged with the theft of a 16-pound ham. Testimony given showed that Mallon, went to the boarding house of the American Thread Company and when the cook's back was turned Mallon skipped out with the delicacy. He was sentenced to Brooklyn jail for thirty days each on two counts.

## Other Cases.

Fred Potvin, John Ziras and Louis W. Mitchell were each charged with intoxication. Potvin got six months in all for breach of peace, a fine of \$1 and costs for intoxication; Ziras was sent to jail to work out \$5 and costs, and Mitchell was put on probation for three months.

## Summer Schools and Municipal

Camps in National Forests.

Increasing use of the National Forests for municipal camp sites and summer sites and summer school locations is reported by the Forest Service. Forms have already been issued to several cities and educational institutions and other applications are expected. Officials say that far more people use the forests for public playgrounds than for any other purpose, and that this promises to be one of the most important to which they can be put.

The city of Fresno, Cal., has been granted a permit for the use of a 15-acre camp on the shores of Huntington Lake, in the Sierra National Forest. It is reported that the city will establish a camp in which outings during the summer months will be provided at low cost for 11,000 school children and their parents.

In the same forest a California State normal school is now occupying a tract of land which is rented from the government under a long-term lease. A number of buildings have been erected, all of which, as well as many cottages and camps, are supplied with water from a water system installed by the Forest Service. In connection with the regular six weeks summer course, this school gives a course in woodcraft and general forestry subjects. The students visit the nearby Forest ranger stations and lookout towers, and study the government's methods of fire protection.

HOW TO BE SLIM

If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to Lee & Osgood or any good druggist, and get a box of Oil of Korovin capsules, take one after each meal and one before retiring at night.

Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body.

It costs little, is absolutely harmless, and is so effective that it should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.
